

phone systems for businesses pdf

Business phone systems support a network of land or internet-based phone lines for inbound and outbound calling. These systems come in a variety of forms but the most common are VoIP-related phone solutions.

Best Business Phone Systems 2019 - fitsmallbusiness.com

Chapter 1: Multi-line Phone Systems. Multi-line phone systems are phones that can have several lines run through the same unit, allowing the operator to answer each phone number individually or send calls to voicemail. These business phone systems are fairly basic, making them a great fit for many small businesses.
