

pipeline field operations liquid pdf

NCCER has been providing pipeline resources for over fifteen years and prides itself on safety, quality and results. Contact NCCER today to start using this comprehensive training and qualification system.. Looking for a specific covered task?

Pipeline Program - nccer.org

Pipeline transport is the long-distance transportation of a liquid or gas through a system of pipes—a pipeline—typically to a market area for consumption. The latest data from 2014 gives a total of slightly less than 2,175,000 miles (3,500,000 km) of pipeline in 120 countries of the world. The United States had 65%, Russia had 8%, and Canada had 3%, thus 75% of all pipeline were in these ...

PIPELINE TYPES; REGULATORY DEFINITIONS

Pigging in the context of pipelines refers to the practice of using devices known as pigs or scrapers to perform various maintenance operations. This is done without stopping the flow of the product in the pipeline. These operations include but are not limited to cleaning and inspecting the pipeline.
