Origin and usage. The word enclave is French and first appeared in the mid-15th century as a derivative of the verb enclaver (1283), from the colloquial Latin inclavare (to close with a key). Originally, it was a term of property law that denoted the situation of a land or parcel of land surrounded by land owned by a different owner, and that could not be reached for its exploitation in a ...

The battery should be a combo starting/deep cycle battery, usually sold as a "marine battery". An ordinary auto battery would do for starting and lights, but for running a radio and other electronics something with a little more of a deep cycle capacity will be needed so the battery doesn't go flat while you're fishing and listening to the radio, and leave you stranded when you try to ...
