(MUSIC) What I really love about shooting interiors is the fact that I take a three-dimensional space, compress that down into a two-dimensional picture plane. And then create 3D space inside that picture plane using composition and lighting. It's just breathtaking. I just love that activity. On this trip, I'm getting to photograph a 25 year labor of love.

Wedding photography is the photography of activities relating to weddings. It encompasses photographs of the couple before marriage (for announcements, portrait displays, or thank you cards) as well as coverage of the wedding and reception (sometimes referred to as the wedding breakfast in non-US countries). It is a major branch of commercial photography, supporting many specialists.

Architecture is both the process and the product of planning, designing, and constructing buildings or any other structures. Architectural works, in the material form of buildings, are often perceived as cultural symbols and as works of art. Historical civilizations are often identified with their surviving architectural achievements.
