In developmental psychology and moral, political, and bioethical philosophy, autonomy is the capacity to make an informed, uncoerced decision. Autonomous organizations or institutions are independent or self-governing. Autonomy can also be defined from a human resources perspective, where it denotes a (relatively high) level of discretion granted to an employee in his or her work.

NCLEX 3000 is a review software that provides simulated computerised adaptive testing like that of the NCLEX. The software has been designed to mimic the real exam and has been designed to provide a rigorous practice of NCLEX PN questions. The questions have been designed in a manner that each of them explains a concept, they provide detailed rationales for correct answers.
