Is case study a valid research tool or is it constrained by insurmountable methodological handicaps? In the next few pages, we will consider the nature of the case study, in its various manifestations, the factors to be taken into consideration when designing case study research, and situations where the case study is an appropriate research tool.

The Value of the Case Study as a Research Strategy

after the March 2018 meeting of the National People's Congress. Generally speaking, Party organs make policies, which are then implemented by state bureaucracies.
