Course Description. Learn how you can integrate the latest, cutting edge assessment and treatment approaches into your clinical practice from a physiotherapist that specialises in neck pain. The Neck: Clinical Rehabilitation

The Neck - Clinical Rehabilitation

The Clinical Guidelines for Stroke Management 2017 updates and supersedes the Clinical Guidelines for Stroke Management 2010.. The Clinical Guidelines have been updated in accordance with the 2011 NHMRC Standard for clinical practice guidelines and therefore recommendations are based on the best evidence available.

InformMe - Clinical Guidelines for Stroke Management 2017

Some risks associated with immersion in a VE have been identified, such as simulator sickness. Extended participation can often lead to undesired physical symptoms such as eye strain, dizziness, and ataxia (Kolasinski, 1995). Therefore, it is important to account for these tendencies in experimental design and record any accounts of simulator sickness in the report.

Neuromarketing is a commercial marketing communication field that applies neuropsychology to marketing research, studying consumers' sensorimotor, cognitive, and affective response to marketing stimuli.

Neuromarketing seeks to understand the rationale behind how consumers make purchasing decisions and their responses to marketing stimuli in order to apply those learnings in the marketing realm.

Neuromarketing - Wikipedia

I had the honor to be interviewed by Dr. Perry Nickelston on his "Stop Chasing Pain"™ podcast on Dr. Janda's approach. Find out more about the background behind Janda's muscle imbalance syndromes and their treatment, including sensorimotor training and short-foot training. And check out more of Perry's great podcasts at stopchasingpain.com!
