Set and setting describes the context for psychoactive and particularly psychedelic drug experiences: one's mindset (shortened to "set") and the physical and social environment (the setting) in which the user has the experience. This is especially relevant for psychedelic experiences in either a therapeutic or recreational context. According to the book *How to Change Your Mind* by Michael ...

Set and setting - Wikipedia

Setting boundaries is an important part of establishing one's identity, as well as being crucial for one's mental health and well-being. There are different types of boundaries, from physical boundaries to emotional boundaries, and there are also different levels of boundaries, from loose to rigid, with healthy boundaries falling somewhere in between.
