

### **solution explorer visual studio pdf**

Visual Studio Team Explorer can't properly open a PDF file - Solution Explorer not available for "Open with" setting. Add it and confirm. Now here comes the nasty trick. This command will not work in the browser window with PDF file selected, the argument is empty : ( So you have to OPEN the pdf file into that ASCII window and THEN hit the new command. Now the file will open in you selected pdf viewer.

### **Visual Studio Team Explorer can't properly open a PDF file**

1 Answer 1. active oldest votes. up vote 1 down vote. You must first add the PDF to the file system, inside your project directory. After the PDF document exists inside the project directory, go to Visual Studio and click the Show All Files button which is found in the top right of the solution explorer window.

This is actually a Visual Studio issue (try dragging a PDF from explorer to VS and you'll get the same

behavior). I'll talk to the team and see if we can possibly work around this, but it'll be dicey. If you view the file from the command line (tf view filename), you'll get the pdf open in Acrobat (or possibly a prompt to choose the viewer).

Multiple Solution Explorers. Clicking on that choice with a project selected in Solution Explorer opens a new Solution Explorer view that displays just that project. Initially, the new, dedicated view is free-floating but you can dock it anywhere you want, including docking it as a tab beside your "full" Solution Explorer view.

### **Multiple Solution Explorers -- Visual Studio Magazine**

Create solution-specific and project-specific settings. For example, you may have a blank project-specific settings file, but Solution Explorer is still nesting files. The nesting behavior is coming from either the solution-specific settings or the Visual Studio settings. The precedence for merging file nesting settings is: Visual Studio > Solution > Project.

### **File nesting rules for Solution Explorer - Visual Studio**
