strategic management in major pdf

Strategic management involves the formulation and implementation of the major goals and initiatives taken by a company's top management on behalf of owners, based on consideration of resources and an assessment of the internal and external environments in which the organization competes. Strategy is defined as "the determination of the basic long-term goals of an enterprise, and the adoption ...

Introduction: trends in strategic management research. Strategic management is a youthful discipline. Its origins date back to the 1960s, with its roots to be found mainly in the seminal publications by Chandler (1962), Ansoff (1965) and Andrews (1971). Since then, it has evolved significantly, becoming an ever more mature and consolidated field within the realm of management.
