Forced labor can take many forms, including debt-bonded labor. This occurs when a person is forced to work in exchange for the repayment of a debt or other obligation, such as a recruitment fee for receiving a job in the first place.

Supplier Responsibility - Apple

Supplier relationship management (SRM) is the discipline of strategically planning for, and managing, all interactions with third party organizations that supply goods and/or services to an organization in order to maximize the value of those interactions. In practice, SRM entails creating closer, more collaborative relationships with key suppliers in order to uncover and realize new value and ...

Supplier evaluation and supplier appraisal are terms used in business and refer to the process of evaluating and approving potential suppliers by quantitative assessment. The aim of the process is to ensure a portfolio of best-in-class suppliers is available for use. Supplier evaluation can also be applied to current suppliers in order to measure and monitor their performance for the purposes ...
