Ever since childhood, I've always enjoyed seeing the different Nativity sets displayed around the holidays. This year, I finally tried making my own Paper City style Nativity Scene to share with everyone. I had a great time playing around with different designs, and I think it will be fun to color in, too!

Brushless Generators: Among the most common because of their inexpensive construction, brushless generators have the least reliable voltage control. Brushless generators can't react quickly to changing loads, either producing low power (a brownout) or high power. Fluctuations of this nature will cause voltage sensitive equipment like HMI lights to shut off, or will damage sensitive electronics.
