way of being able to turn one's mind inside out, and dissolving what seemed to be the most oppressive human problems into questions like "Why is a mouse when it spins?" At its heart there is a strong but completely unsentimental compassion for human beings suffering and perishing from their very attempts to save themselves.

The Way of Testivus If you write code, write tests. Don't get stuck on unit testing dogma. Embrace unit testing karma. Think of code and test as one. The test is more important than the unit. The best time to test is when the code is fresh. Tests not run waste away. An imperfect test today is better than a perfect test someday.
