Seacoast defense was a major concern for the United States from its independence until World War II. Before

airplanes, America's enemies could only reach it from the sea, making coastal forts an economical alternative to standing armies or a large navy. After the 1940s, it was recognized that fixed fortifications were obsolete and ineffective against aircraft and missiles.

The U. S. Government no longer prints paper copies of its raster nautical charts. However, NOAA provides digital images of its raster charts to NOAA certified chart agents, from whom the public may purchase NOAA paper nautical charts.. Certified chart agents ensure that the charts are printed at the proper scale and quality

to meet U.S. Coast Guard (USCG) chart carriage requirements.
