Exterminatus is the biggest middle finger the Imperium can give to xenos and Chaos infestations on their own planets. It basically involves UTTERLY DESTROYING THE PLANET SURFACE via heavy orbital bombardment if they decide that it would be impossible to retake the planet by drowning their enemies in corpses, like they usually do.

Censorship as a means of controlling communication has existed since classical antiquity. However, it became significantly more important in the early modern period with the invention of printing, which enabled the easy reproduction of texts in large quantities. Initially, it was the church which imposed censorship, though institutions of the state soon became involved as well.
