In his gripping and provocative debut, anthropologist Jason De León sheds light on one of the most pressing political issues of our time—the human consequences of US immigration policy. The Land of Open Graves reveals the suffering and deaths that occur daily in the Sonoran Desert of Arizona as thousands of undocumented migrants attempt to cross the border from Mexico into the United States.

Land, like Odysseus' slave-girls, is still property. The land-relation is still strictly economic, entailing privileges but not obligations. The extension of ethics to this third element in human environment is, if I read the evidence correctly, an evolutionary possibility and an ecological necessity. It is the third

The Land of the Dead. Odysseus and his men sail to Aeolia, where Aeolus,46 king of the winds, sends Odysseus on his way with a gift: a sack containing all the winds except the favorable west wind. When they are near home, Odysseus's men open the sack, letting loose a storm that drives them back to Aeolia.
